Table: CENSUS TRACT
- Tucson: 2.9%

Table: SNAPSHOT
- Tucson: 2.9%

Table: Individual Characteristics
- Male: 46%
- Female: 53%

Qualitative Data
- “… it’s just like a domino effect. So on a daily going to the library, doing the whole job search…”

Quantitative Data
- Average of households receiving SNAP (Foodstamps): $100.00
- Average Transportation expenses: $180.27

Conclusion
- Some participants felt that local charitable organizations were located in inconvenient places, which made it more difficult to access the resources that they needed.

Recommendations
- Increase of Childcare Assistance
- Make programs that are available more known
