

ANNUAL NARRATIVE REPORT

of

H. T. BRAWLEY

County Agricultural Agent

from

December 1st, 1934

to

June 30th, 1935

AND

D. W. ROGERS

County Agricultural Agent

from

November 1st, 1935

to

November 30th, 1935

APACHE COUNTY, ARIZONA

The extension work in Apache County for the first part of this year was carried on by H. T. Brawley. During that time Mr. Brawley worked on commercial egg production, rodent control, T. B. cattle tests, relief work with cattle and people and some miscellaneous work.

Since Mr. Rogers has come on the job he has visited most of the farms of the County, inspected practically all of the poultry flocks of the county, tried to organize a county turkey association and did some miscellaneous work.

The work at the present time is comparatively well organized, farmers are heartily in favor of extension work and are cooperating as well as could be expected, and things are looking rather bright for some good extension work for 1936.
