Breaking Down Finances

- Where Do They Get Their Money Each Month?
  - 92% Reliance on Government Programs
  - Median Monthly Income: $2142.08
  - Average Monthly Expenses: $1553.40

Utilization of, and Attitudes Toward Banks

- In the past year, 22% of households were entirely unbanked. Here are some reasons why:
  - "...if you run into a situation where you do get behind and you're not doing well, banks can be a little predatory... That's why I go elsewhere a lot..." – Community college teacher

Perceptions and Attitudes:

- Though the average evaluation for both the country and one's personal economic wellbeing was "only fair," many feel optimistic about the future.

Nutrition

- 1/4 of respondents surveyed reported eating less than they felt they should because there wasn't enough money for food.

- 20% of respondents surveyed reported being hungry because there was not enough money for food.

- 15% of respondents surveyed reported sometimes not having enough to eat.

Feedback & Take-Away

- "...if there's any way that people can reimage or envision how they see the people that are poor, one thing that I've learned over the years is that the poor people in general... they learn a lot of bad habits unfortunately... because that's just how you can live." – Single male
