REVISIONS IN ANNOUNCEMENT
FOR THE
ACADEMIC YEARS
1943-44, 1944-45

STATEMENT OF MAILING PRIVILEGE
The University of Arizona Record is issued six times a year. Published monthly during February, June, August, and October and semimonthly during April.
Entered as second-class matter April 28, 1933, at the post office at Tucson, Arizona, under the Act of August 24, 1912.
GENERAL

Army Specialized Training Program.—The Army Specialized Training Program in Engineering was opened on August 9, 1943, with an initial group of 214 students. After completion of two full quarters of work, the program was abandoned by the Army on March 11, 1944, and the A.S.T. Unit was withdrawn from the campus by March 15. At midyear all upper-division work in the College of Engineering was organized on the quarter system to coincide with the Army program. This plan also has been abandoned, and effective with the opening of the first semester in September, 1944, the work of the Junior and Senior years in engineering will again be offered on the semester plan.

Physical Education for Men.—Beginning with the first semester of 1944-45, physical education is withdrawn as a requirement for men in the Sophomore year. This adjustment should be noted in connection with all outlines of curricula previously published.

Student Activity Fee: Page 60.—Beginning with the first semester of 1943-44, the student activity fee is reduced from $8.75 to $6.25 per semester. This change should be noted in connection with the Summary of Minimum Expense for Campus Students.

Summer Session Tuition: Page 176.—The statement regarding tuition for the Summer Session should be changed to read: The tuition required of all students is $25 for either 5-week term.

Scholarships: Page 73, add: The Carlos C. Jacome Memorial Scholarship: The income from a gift of $5,000 made by members of the family of the late Carlos C. Jacome is available to a Junior, Senior, or graduate student in the College of Business and Public Administration, selected by a committee consisting of the head of the work in merchandising, the Dean of the College, and a merchant selected by the President of the Tucson Merchants Association. The student shall engage in some research in the field of Problems of the Independent Business. Under exceptional conditions the scholarship may be held by the same student for two successive years.
