

LABORATORIES

* Inactive Laboratories.

¹ From January 1, 1961 the Gro numbers have been replaced by GrN numbers. "New" dates are referred to the NBS oxalic-acid standard.

² Dates from this laboratory have been given a code designation that represents the name of the sponsoring institution, e.g. I(AGS) for American Geographical Society (Heusser, RADIOCARBON SUPPLEMENT, v. 1).

³ Some dates from this laboratory have inadvertently been published with the code designation S (Pringle and others, 1957, Science, v. 125, p. 69-70). We substitute Ma in conformity with the wishes of the laboratory, as do McNutt and Wheeler in their bibliography (1959, Am. Antiquity, v. 24, p. 232-234).

⁴ See SM.

⁵ Some dates from this laboratory have been published with the code designation RC (Flint and Gale, 1958, AM. JOUR. SCI., v. 256, p. 698-714). The code designation MP published in volume 1 of the RADIOCARBON SUPPLEMENT (1959, p. 216) has been changed to SM in conformity with the wishes of the laboratory, and is explained by the change of the company's name from Magnolia Petroleum Company to Socony Mobil Oil Company, Inc.
