CULTURAL EVOLUTION AND PALEOGEOGRAPHY ON THE SANTA BARBARA COAST: A 9600-YEAR ^{14}C RECORD FROM SOUTHERN CALIFORNIA

JON M ERLANDSON

(Radiocarbon, Vol 30, No. 1, 1988, P 25–39)

It should be noted that the proper laboratory call letters for Beta Analytic Inc are BETA.

Also, the second sentence in the third paragraph on page 25 should be modified to read, “AMS samples were analyzed in a collaborative effort: Beta Analytic in Miami carried out sample preparation, and the AMS group of Willy Wölfli in ETH, Zurich, Switzerland carried out the measurements.”
