Dear Respectful Moslem Brother,

Best greetings in the name of Allah.

We pray to God for improvement and elevation of dear Islam and the victory and success of the Moslems all over the world in their entire tasks of material and spritual affairs.

Moslem brother, our dear and freedom promission Islam has called all the Moslems to be brothers of each another based on the ever lasting order " All the believers are brothers"and regards them as a single organ in sympathy and cooperation and upon the pains and inconveniences to one member considers the treatment by other members as a religious necessity and Islamic mission and deems binding as a duty to defend this organ against any sort of attack .

Afghanistan is a member of the unique organ of Islam's world which is brutally attacked by the aggressor world swallower Red forces and form under the chains of the tanks belonging to International Plundered Communism calls " why don not you battle and kill for the sake of God ? " and asks them to defend the territory of Islamic boundaries and states that: Oh, Moslems, where are you , oh you the followers of Mohammad who say upon your tongues : " there is no God but Allah whose prophet is Mohammad ", but in practice you disregard the order of Mohammad saying : " The believers are to be united ".

Today the Moslem Afghanistan is in the way of the wild ghoul of Communism to the Islamic world and its champion children defend the Islam prestige bare handed and in their hunger and hundreds or rather thousands of them get hurt or even lose their sweet life in the honorable battlefields of Jihad and a further hundreds and thousands are hurt or martyred under the storm of firing bombs and missles and artilleries, the houses and dwelling places are levelled out, their wealth and properties are plundered , their agricultural products are set to fire , their natural and income sources are destroyed , and suffer unprecedented merders and fines merely being accused to defending Islam and its holy prestige. However, the Moslems besides remaining indifferent towards this major responsibility of them, they even enter into transaction, freindship and business with the enemy of God and their religion .
