ABOUT THE PROJECT

The MRC project tells the story of racist covenants in Tucson. Launched in September 2022, the MRC project explores the geography of racial covenants across Tucson neighborhoods and subdivisions, focusing on those enacted between 1912-1968. Racial covenants were ultimately ruled illegal with the passage of the Fair Housing Act of 1968. Our analysis shows that at least 150 subdivisions across the Tucson metropolitan area have racist CCRs that exclude people of color, as well as other marginalized individuals from living in certain neighborhoods.
