# Rangeland Ecology & Management

journal homepage: <http://www.elsevier.com/locate/rama>

## Contents

<i>Forum: Iterative-Adaptive Management and Contingency-Based Restoration Planning in Variable Environment</i>	
Stuart P. Hardegee, Roger A. Sheley, Mark W. Brunson, Michael H. Taylor, Corey A. Moffet . . . . .	217
Weather Tools for Retrospective Assessment of Restoration Outcomes	
Corey A. Moffet, Stuart P. Hardegee, John T. Abatzoglou, Katherine C. Hegewisch, R. Ryan Reuter, Roger L. Sheley, M.W. Brunson, G.N. Flerchinger, Alex R. Boehm . . . . .	225
Generalized and Specific State-and-Transition Models to Guide Management and Restoration of Caldenal Forests	
H. Raúl Peinetti, Brandon T. Bestelmeyer, Claudia C. Chirino, Alicia G. Kin, María E. Frank Buss . . . . .	230
Evaluating the Effectiveness of Low Soil-Disturbance Treatments for Improving Native Plant Establishment in Stable Crested Wheatgrass Stands	
Christo Morris, Lesley R. Morris, Thomas A. Monaco . . . . .	237
Restoring Perennial Grasses in Medusahead Habitat: Role of Tilling, Fire, Herbicides, and Seeding Rate	
Merilynn Schantz, Roger Sheley, Stuart Hardegee . . . . .	249
Longer-Term Evaluation of Sagebrush Restoration After Juniper Control and Herbaceous Vegetation Trade-offs	
Kirk W. Davies, Jon D. Bates . . . . .	260
Long-Term Persistence of Cool-Season Grasses Planted to Suppress Broom Snakeweed, Downy Brome, and Weedy Forbs	
Clinton A. Stonecipher, Eric Thacker, Kevin D. Welch, Michael H. Ralphs, Thomas A. Monaco . . . . .	266
Coastal Prairie Recovery in Response to Shrub Removal Method and Degree of Shrub Encroachment	
Parker A. Watson, Heather D. Alexander, Jonathan D. Moczygamba . . . . .	275
Relationship Between Seed Mass and Young-Seedling Growth and Morphology Among Nine Bluebunch Wheatgrass Populations	
Jayanti Ray Mukherjee, Thomas A. Jones, Thomas A. Monaco, Peter B. Adler . . . . .	283
Rough Soil Surface Lessens Annual Grass Invasion in Disturbed Rangeland	
Danielle B. Johnston . . . . .	292
Compositional Shifts in Forb and Butterfly Communities Associated with Kentucky Bluegrass Invasions	
Katherine C. Kral-O'Brien, Ryan F. Limb, Torre J. Hovick, Jason P. Harmon . . . . .	301
Mortality and Flowering of Great Basin Perennial Forbs After Experimental Burning: Implications for Wild Bees	
Byron G. Love, James H. Cane . . . . .	310
The Classification of Grassland Types Based on Object-Based Image Analysis with Multisource Data	
Dawei Xu, Baorui Chen, Beibei Shen, XuWang, Yuchun Yan, Lijun Xu, Xiaoping Xin . . . . .	318
A Modification of CIM for Prediction of Net Primary Productivity of the Three-River Headwaters, China	
Chong Wang, Huilong Lin, Yuting Zhao . . . . .	327
Quantitative Estimation of Biomass of Alpine Grasslands Using Hyperspectral Remote Sensing	
Bo Kong, Huan Yu, Rongxiang Du, Qing Wang . . . . .	336
Validating a Time Series of Annual Grass Percent Cover in the Sagebrush Ecosystem	
Stephen P. Boyte, Bruce K. Wylie, Donald J. Major . . . . .	347
Prairie Dog ( <i>Cynomys ludovicianus</i> ) Influence on Forage Quantity and Quality in a Grazed Grassland-Shrubland Ecotone	
Lauren C. Connell, Lauren M. Porensky, John Derek Scasta . . . . .	360
Plant and Bird Community Dynamics in Mixed-Grass Prairie Grazed by Native and Domestic Herbivores	
Benjamin A. Geaumont, Torre J. Hovick, Ryan F. Limb, Wyatt M. Mack, Amanda R. Lipinski, Kevin K. Sedivec . . . . .	374
Factors Affecting Nest Success and Predator Assemblage of Breeding Birds in Semiarid Grasslands	
Helen T. Davis, Ashley M. Long, Jeremy A. Baumgardt, Tyler A. Campbell, Michael L. Morrison . . . . .	385
Driving Factors That Reduce Soil Carbon, Sugar, and Microbial Biomass in Degraded Alpine Grasslands	
Rui Zhang, Yanfu Bai, Tao Zhang, Zalmen Henkin, A. Allan Degen, Tianhua Jia, Cancan Guo, Ruijun Long, Zhanhuan Shang . . . . .	396
Yak Dung Deposition Affects Litter Mixing Effects on Mass Loss in Tibetan Alpine Grassland	
Defei Liang, Eric G. Lamb, Shiting Zhang . . . . .	405
Grassland Fire Effects on Steel Fence Posts	
John R. Weir, Heath D. Starns . . . . .	411
